

Venturing Leadership Skills Course
March 18-20
Registration 6-9pm on Friday
Check out by 1pm Sunday

Camp Buffalo
9400 N. Boy Scout Rd Monticello, IN

Each crew to provide its own adult leadership

The Venturing Leadership Skills Course helps teach young adults the attitudes and skills that good leaders demonstrate. VLSC is a series of leadership modules divided into four categories: Vision, Communication, Organization and Synergism.

Vision: Leadership requires Vision – it is a critical leadership task. This module establishes the framework for all other Leadership Activities. The participants will create a vision/mission statement.

Communication: Leadership requires effective Communications. During this module basic principals of effective communication are taught, to help youth develop good habits that will benefit them throughout their lives. Different exercises will be used to teach how to communicate effectively.

Organization: A good leader must be organized. With a solid foundation of vision and communication in place, a leader must develop the skill of organization. This module teaches proven successful techniques to personal and group organization.

Synergism: An effective leader must strive for Synergy. Valuing the differences is the essence of Synergy – the mental, the emotional, the psychological differences between people. This module will show that the key to valuing the differences is to realize that all people see the world, not as it is, but as they are.

All modules will have hands on activities along with time for reflection.

The VLSC is phase one of a three phase leadership skills program called Nature of Leadership. VLSC prepares Venturers for the Kodiak Leadership Skills Course.

The cost of this course is \$35.00 if registered by March 1st and \$40.00 after the 1st.

The fee includes 3 meals on Saturday and Sunday breakfast along with cracker-barrel on Friday and Saturday night. There is limited cabin space available so be sure to register early.
